(4) It is ascertained that stallage fees are being charged in addition to ground rent in Bangalore and Mysore city municipalities. The ground rent is charged for open space whereas stallage fees are for the use of the platform shops built at the cost of the local Bodies. A precedent in the case of Taluk Boards in Kananakur is put up (Flag P LB 366-09-824)

I R.

In forwarding herewith an extract from the proceedings of the meeting of the Challakere Municipal Board held on 29th December 1917 resolving that a rent at the rate of one anna per stall be levied on every weekly santhe day from the persons who make use of the stalls constructed on the site where the santhe is held, I have the honor to state that the Challakere town is growing in importance and the santhe that takes place there is the biggest in the District. The Municipality

derives a very good income from the market fees which are being levied temporarily and the continuance of which has been recommended in this office letter No C No 138 dated 23-4-1918 <sup>17-18</sup> <sub>23</sub>. The Municipality has at considerable cost built three large stalls in the place where the santhe assembles and two of these are divided into 20 compartments each. When I paid a surprise visit to the santhe at the time of the Luk Conference at Challakere, I found that the stalls were being used by a number of persons who had exposed their wares for sale but who on enquiry were found to pay nothing for their use and occupation though enjoying a lot of shade and other conveniences which are not available to those who sat in the open exposed to the sun and rain. As neither the Amildar nor the Municipal Council had paid any attention to this omission was pointed out to them and hence the resolution which is the subject matter of the present letter. By the levy of the proposed rent a sum of Rs 120 is expected to be realised annually which will greatly tend to further improve the general resources of the

municipality As only very few shop keepers enjoy the benefit of the convenience of these stalls some sort of levy on account of the privilege allowed to them seems reasonable The levy of the general market fees is merely for carts entering the santhe premises whereas the rent proposed is intended to be levied from persons who occupy these stalls I therefore request that the proposal of the Board to levy the rent of one anna a compartment may be sanctioned.
